

# 2010 NJ FCCLA *Spring Outreach Project*

The National FCCLA Outreach Project for this year is the **Children's Miracle Network**. In communities throughout the world, Children's Miracle Network hospitals care for children facing illness and injury of every kind. When a child is diagnosed with a life-threatening illness, talented teams of medical professionals devote their lives to making medical miracles happen. Behind these world-class children's hospitals is a network of compassionate sponsors, creative media partners, and charitable individuals who have spent the last 25 years funding life-saving pediatric care.

NJ FCCLA will be directly helping children from New Jersey who are in need by supporting the **Children's Specialized Hospital** and **Robert Wood Johnson University Hospital** during this Outreach Project.

Checks should be made out to the Children's Miracle Network; please include FCCLA followed by your chapter name in the memo line on your check if available. Donations may be sent to the **NJ FCCLA State Office** or directly to the **Children's Miracle Network**. If a donation is sent to the Children's Miracle Network, please send a copy to the NJ FCCLA State Office in order for the office to keep track of donations made by NJ FCCLA Chapters.
